Dear Business Leader:

The Baker County Middle School Band Program is proud to offer you a position on the Bobcat Band Business (BBB) List. This list is comprised of select local businesses that provide a tax-deductible yearly donation of \$50.00 to the BCMS Band. In an effort to expand our musical programs, which now include two concert ensembles, a beginning band, a marching band, and jazz ensemble, we are in need of your support. With the rising costs of instruments, repairs, storage facilities, music, transportation, uniform maintenance, and competition fees, we are striving to reach the yearly operational budget of \$20,000. Your business can be a vital part of this exciting growth with a generous financial donation.

Please do not hesitate to join forces with such local businesses as the O'Donnell's Vineyard and Wal-Mart. These businesses understand the importance of building a strong music program for our local students. Even the United States government declared that music is a core subject area along with math, science, and English.

Please join the local support network established by these fine businesses. Complete and return the information below, submit your donation, and your business name will appear in all concert programs, on the BCMS Band webpage, and on our equipment trailer.

Thank You,

William D. McClendon
~Director of Bands
